Institutional Philosophy:

Philosophy:

To give our students an opportunity to discover their life's career path, and to create passionate and qualified future employees by developing each student's knowledge, workplace performance skills, and by exploring their talents. We aim to assist each student in discovering his/her place in the dental field by preparing the student to use his/her expertise to obtain a dental assisting job.

Commitment Statement:

People are valuable. Building relationships is expected. Maintaining credibility is our obligation. Serving others is our pleasure. Creating opportunity is our niche'. Crafting professionals is our passion.

Description of Facilities

The course (teaching and clinical) will take place in an established dental practice. The office is large enough to accommodate 15 students and will include dental treatment rooms, a laboratory, a large sterilization area, a business office, and facilities for video and lecture presentations.

Entrance Requirements

The following requirements are necessary to enroll in the dental assisting course offered by Accelerated Dental Assisting Academy:

1. Person must be in good health and present a clean neat appearance.
2. Person must be 17 years of age or older.
3. Person must present one of the following:
 - a) Copy of High School Diploma
 - b) Copy of Certificate of High School Equivalency
4. High School Senior: Student must be scheduled to receive his/her high school diploma within six (6) months of the course end date. A letter must be submitted by the student's high school counselor or administrator verifying the student's enrollment and anticipated graduation date. The letter must also verify that attending this course shall not interfere with the high school senior's secondary education.
5. No credit will be given for previous education or transferred to another institution
6. An appointment must be scheduled with an Admissions Representative to tour the facility and fill out the registration paperwork.

Tuition and School Information

The tuition for the DENTAL ASSISTING course is \$3,199.00 with payment options as low as \$2,599.00. The tuition covers all costs for the course, including the \$100.00 registration fee and \$225.00 book fee (including the textbook rental). Additional state licensing fees or permits may be required by the state (see below). The only other cost not in the tuition is \$55.00 -

\$65.00 for Healthcare Provider CPR which will be paid directly to the CPR Instructor. It will be available at the end of the 10th class and is needed to be part of a clinical team. However, CPR is not mandatory to finish the program. The course will run ten (10) consecutive weeks, eight classroom hours per week for a total of eighty (80) classroom hours of instruction. This will include lecture material as well as clinical "hands on" training.

Summary of tuition and fees:

- | | |
|----|--|
| 1. | Tuition: \$2599 - \$3199 (includes books, textbook rental, and registration fee) |

Housing:

Residential housing is currently not available.

Campus Security Policy:

All students are required to wear name tags when in class. The school will not supply lockers or a place to store valuable possessions. Students may choose to either leave their purses, wallets, or any other possession at home, in their vehicle or in class at their own risk. No fire arms are allowed on the school campus at any time.

Licensing Requirements for Jobs:

Texas:

Effective September 1, 2006, to apply to become a registered dental assistant, a student must complete a mandatory short course approved by The Texas State Board of Dental Examiners. An approved provider list can be found on the TSBDE website: <http://www.tsbde.state.tx.us>. By law, a dental assistant must be registered with TSBDE in order to take x-rays at a dentist's office.

Recruiting Policies:

Accelerated Dental Assisting Academy (ADAA) is committed to a policy of nondiscrimination. ADAA does not discriminate in its educational program against qualified individuals on the basis of race, color, religion, national origin, sex, pregnancy, childbirth or related medical conditions, age, marital status, veteran status, or disability, physical, mental, emotional or learning disability, handicap or any other factor provided for by state and federal laws and regulations.

Observation / Participation Days:

Requirements:

Observation days are extremely valuable in the development of making students job ready in ten (10) weeks. Each student must shadow a practicing dental assistant (instructor) for one

(1), four (4) hour day to experience what an actual day as a dental assistant is like. These observation days will be scheduled between the 1st – 3rd classes. Students will also be required to complete one (1), eight (8) hour participation day to ensure the students ability to perform practical dental assisting skills. These participation days will be scheduled between the 5th – 10th classes.

Policy:

Observation and Participation Days are mandatory and graded. The Observation Day is a four-hour week-day session and is worth 20 points. The Participation Day is an eight-hour week-day session and is worth 40 points.

If the student is unable to attend, the student must contact the ADAA Regional Manager and provide written documentation. (ex.: letter from employer). Observation and Participation Days must be completed prior to the final day of class and must be scheduled with instructor during designated time slots. During these days, the student must complete all tasks on the Observation/Participation Day Forms and submit all necessary documents to the instructor for grading. Students are expected to follow office policies when attending these days. (ex.: dress code, cell phone policies, etc.)

Scheduling:

Observation and Participation Days must be scheduled in accordance with ADAA provided scheduling form presented by the instructor on the first day of class. If the student is unable to attend his/her scheduled time, he/she must contact his/her instructor at least 24 hours prior to scheduled time to reschedule. The student must call the office to cancel/reschedule and may only reschedule one time.

In case of an emergency and not within the 24-hour notice period, student must contact the instructor and provide written documentation at the following class. If a student is a “no show”, they will automatically receive a zero for their grade.

Tardiness/Absences:

Tardiness:

Instructors take roll at the beginning of each class lecture and clinic. Students arriving to class more than five (5) minutes late are considered tardy. After a student accumulates three (3) tardies, they will receive one (1) absence.

Absences:

It is highly recommended that the student not be absent for any of the classes due to the concentrated learning structure of the course. Except for family emergencies and serious illness, students should plan on attending all classes. After three missed classes, the student will be terminated from the course. Refer to refund policy to determine if a refund applies.

Missed Class/Student Make-Up Work

Policy:

The student is responsible for inquiring, completing, and turning in all coursework missed during time of absence.

Instructions for Make-up Work:

Lecture

Before returning to class, the student is to review the missed lecture material in the Student Handbook, which contains all testing information. The student must also listen to corresponding videos located on his/her MyAccount portal.

Clinic

Prior to the next class, the student is to review and complete all clinic worksheets for the class missed located in the Student Workbook. During clinic, the student must complete the independent section from their clinic guide after completing clinical tasks for current class.

Exams

If a student misses an exam, the student must abide by the following:

- The student must coordinate a time with their instructor during the week. The student must be able to schedule a time that is convenient for the instructor. Instructor can use their discretion to decide if the student will make up the exam during the week or in the next class day.
- If the student and instructor are unable to schedule a make-up exam appointment during the week, the student must take the exam at the following class. The student will take the written portion at the beginning of lecture and practical portions during lunch.
- If the exam is not made up by the end of the class day immediately following the day of exam, the student will receive a zero for that exam.
- The student is responsible for scheduling a make-up appointment with their instructor. They must do this by contacting the office and speaking with an instructor.

Drug and Alcohol Policy:

Accelerated Dental Assisting Academy is a drug/alcohol free Academy. The consumption, possession, and/or distribution of alcohol and other drugs are prohibited on school campus. Also, being under the influence of alcohol or other drugs on school campus is prohibited. Any student who is found to have violated the Academy's alcohol and drug policy will be terminated and not allowed to return to the Academy.

Student Grievances:

If a student has a complaint they are to contact the Academy's main office at 844-727-3755 and speak directly to a school representative. They must also file a written complaint either by email (david@accelerateddentalassisting.com) or letter (PO Box 1120, Denham Springs, LA 70727) to the school administration in order to resolve any issues. Please reference School

#S5381. The Academy will then do everything in its power to successfully deal with the student's concerns.

It is important that the student files the complaint within 30 days of the course end date. Accelerated Dental desires to resolve any issues concerning their students with clear recollection and integrity. All complaints will be reviewed within 72 hours, and the student will be contacted within the following 48 hours.

If Accelerated Dental Assisting Academy is unsuccessful in resolving the matter, the student's complaint should then be directed to the Texas Workforce Commission Career Schools and Colleges. Reference School #S5381.

Termination Policy:

The school's termination policy is based on professionalism. We expect all of our students to conduct themselves in a manner respectful to other students and faculty members. Should someone's enrollment be terminated, the school's refund policy will be followed, except that the student will not be allowed to repeat the course.

Withdrawal Procedure:

Those wishing to withdraw for illness may resume their course of study in the next class series with no penalty. They may repeat the already completed sessions, if desired, at no additional charge with proper documentation of illness and approval. All other withdrawal reasons must be submitted through an approval process. Once approved, the student may then be transferred to the next class series with no penalty.

If a student wishes to withdraw and not return to the course, he/she must first contact and inform their Regional Dean at 1.844.727.3755. He/she will then be dropped from the course and the refund policy will be enforced. (See Refund Policy section)

Each student will be assigned a textbook on the first day of class. This book is rented and *MUST* be returned by the final day of class in the same condition as it was received. If a student withdraws or transfers from the course, they are responsible for returning their book. A refund/withdraw/transfer will NOT be processed until the textbook is returned. If a student does not return their book OR the book is returned damaged, a charge of \$125.00 will be added to their financial account. This charge will be assessed if the book is not returned within ten (10) days of the withdrawal date, transfer date, or end of class. Each

instructor is responsible for making sure each student returns their textbook in the same condition in which it was received and for reporting this information to their ADAA Regional Dean.

Refunds, Cancellations & Graduation Requirements

CANCELLATION POLICY

A full refund will be made to any student who cancels the enrollment contract within 72 hours (until midnight of the third day excluding Saturdays, Sundays and legal holidays) after the enrollment contract is signed. A full refund will also be made to any student who cancels enrollment within the student's first three scheduled class days, except that the school may retain not more than \$100 in any administrative fees charged, as well as items of extra expense that are necessary for the portion of the program attended and stated separately on the enrollment agreement.

REFUND POLICY

1. Refund computations will be based on scheduled course time of classes through the last documented day of an academically related activity. Leaves of absence, suspensions and school holidays will not be counted as part of the scheduled class attendance.
2. The effective date of termination for refund purposes will be the earliest of the following:
 - a. The date of termination, if the student is terminated by the school;
 - b. The date of receipt of written notice from the student;
 - c. Ten school days following the last date of attendance.
3. If tuition and fees are collected in advance of entrance, and if after expiration of the 72-hour cancellation privilege the student does not enter school, not more than \$100 in any administrative fees charged shall be retained by the school for the entire residence program or synchronous distance education course.
4. If a student enters a residence or synchronous distance education program and withdraws or is otherwise terminated, the school or college may retain not more than \$100 in administrative fees charged for the entire program. The minimum refund of the remaining tuition and fees will be the pro-rata portion of tuition, fees, and other charges that the number of hours remaining in the portion of the course or program for which the student has been charged after the effective date of termination bears to the total number of hours in the portion of the course or program for which the student has been charged, except that a student may not collect a refund if the student has completed 75 percent or more of the total number of hours in the portion of the program for which the student has been charged on the effective date of termination. (More simply, the refund is based on the precise number of course time hours the student has paid for, but not yet used, at the point of termination, up to the 75% completion mark, after which no refund is due.)

5. Refunds for items of extra expense to the student, such as books, tools, or other supplies are to be handled separately from refund of tuition and other academic fees. The student will not be required to purchase instructional supplies, books and tools until such time as these materials are required. Once these materials are purchased, no refund will be made. For full refunds, the school can withhold costs for these types of items from the refund as long as they were necessary for the portion of the program attended and separately stated in the enrollment agreement. Any such items not required for the portion of the program attended must be included in the refund.
6. A student who withdraws for a reason unrelated to the student's academic status after the 75 percent completion mark and requests a grade at the time of withdrawal shall be given a grade of "incomplete" and permitted to re-enroll in the course or program during the 12-month period following the date the student withdrew without payment of additional tuition for that portion of the course or program.
7. A full refund of all tuition and fees is due and refundable in each of the following cases:
 - a. An enrollee is not accepted by the school;
 - b. If the course of instruction is discontinued by the school and this prevents the student from completing the course; or
 - c. If the student's enrollment was procured as a result of any misrepresentation in advertising, promotional materials of the school, or representations by the owner or representatives of the school.

A full or partial refund may also be due in other circumstances of program deficiencies or violations of requirements for career schools and colleges.

REFUND POLICY FOR STUDENTS CALLED TO ACTIVE MILITARY SERVICE

A student of the school or college who withdraws from the school or college as a result of the student being called to active duty in a military service of the United States or the Texas National Guard may elect one of the following options for each program in which the student is enrolled:

- a. If tuition and fees are collected in advance of the withdrawal, a pro-rata refund of any tuition, fees, or other charges paid by the student for the program and a cancellation of any unpaid tuition, fees, or other charges owed by the student for the portion of the program the student does not complete following withdrawal;
- b. A grade of incomplete with the designation "withdrawn-military" for the courses in the program, other than courses for which the student has previously received a grade on the student's transcript, and the right to re-enroll in the program, or a substantially equivalent program if that program is no longer available, not later than the first anniversary of the date the student is discharged from active military duty without payment of additional tuition, fees, or other charges for the program other than any previously unpaid balance of the original tuition, fees, and charges for books for the program; or
- c. The assignment of an appropriate final grade or credit for the courses in the program, but only if the instructor or instructors of the program determined that the student has:

- i. Satisfactorily completed at least 90 percent of the required coursework for the program; and
- ii. Demonstrated sufficient mastery of the program material to receive credit for completing the program.

The payment of refunds will be totally completed such that the refund instrument has been negotiated or credited into the proper account(s) within 60 days after the effective date of termination.

If a student wishes to withdraw and not return to the course, he/she must first contact and inform the Financial Department at 1.844.727.3755. He/she will then be dropped from the course and the refund policy will be enforced.

A graduation certificate will only be awarded to those students completing the program with a 70% or above grade average. Those students whose grade average is below 70% or students who have missed more than 3 classes will not receive a certificate but will be allowed to retake the entire course (if desired) at a reduced fee of \$1500.

Job Placement Assistance

Accelerated Dental Assisting Academy has several ways to assist graduates in finding jobs upon graduation from our courses. Although we make diligent efforts to assist graduates in finding employment in the Dental Assisting Field, we make no guarantee of actual job placement. Ways in which we assist graduates in finding employment are:

- Review and critique resume
- Provide guidance on sample interview questions and coach graduate on interview process
- Provide lists of graduates along with contact information provided by student to Dental Offices who inquire of graduates looking for employment
